\$1760 per session, 10% discount for prepaid of all sessions.

*"Dr Ken Lee is a brilliant and generous teacher. I found the course to be so comprehensive that it teaches you to approach placing implants in a very systematic and organized manner. I wish I had done this course nine years earlier before I placed my first implant."*

Dr Marianne Pinto, Perth

*"The IAAD Comprehensive Implant Course is a practical, hands-on course that has given me the knowledge and skills needed to provide the best implant treatment for my patients. Since completing the course, I have had a more holistic and advanced understanding of dentistry, and patients have consistently commented on the thoroughness of my treatment."*

Dr Joo Young Choi, Queensland

## IAAD IMPLANT COURSE

This course offers a unique educational opportunity featuring a proven curriculum taught by premier implant educators.

In six two-day sessions spread over 6 months, the IAAD course provides participants with ample opportunity both to learn and to apply new techniques. Participants will develop actual cases from their own practices, beginning with diagnosis and treatment planning, proceeding through surgical guide fabrication and 3-D image analysis and culminating in implant placement. The IAAD implant course qualifies for 96 hours of CE credit. We strongly recommend all participants to sit for ICOI fellowship exam and we will assist them to prepare for the exam.

### Dr Kenneth Lee
